Sir or Madam:

Due to an unintentional delay, Applicants hereby petition to claim, under 35 U.S.C. 120, the benefit of a prior-filed nonprovisional application (e.g. serial number 09/772,693 filed on January 31, 2001; now issued as United States Patent No.: 6,534,693) and prior-filed nonprovisional application (e.g., serial number 09/705,999, filed November 6, 2000, now abandoned). Applicants further state the entire delay from four months after the actual filing date of the later-filed application (e.g. serial number 10/072,177 filed on February 11, 2002) to the present was unintentional.

In compliance with 37 CFR 1.78 (a)(3)(i), Applicants have:

- (i) Claimed (in a Preliminary Amendment also filed on this day) priority to, as required by 35 U.S.C. 120, the prior-filed applications. This priority claim is appropriate as: a) both prior-filed applications and later-filed application name at least one common inventor (Robert E. Fischell), b) the later-filed application disclose this named inventor's invention (as claimed) in at least one claim of the later-filed application in the manner provided by the first paragraph of 35 U.S.C. 112, and c) the prior-filed application is complete as set forth in 37 CFR 1.51(b);
- (ii) Enclosed the surcharge (of \$1,330.00) as forth in Sec. 1.17(t); and
- (iii) Provided a statement that the entire delay between the date the claim was due, under paragraph (a)(2)(ii) of 37 CFR 1.78, and the date this priority claim was filed was unintentional.

Respectfully submitted,
